SUBJECT: 'GO' for FSFN Enhancements – April 2021 Release

PURPOSE: The purpose of this memorandum is to inform child welfare stakeholders of Florida Safe Families Network (FSFN) enhancements approved for implementation on April 2, 2021. The FSFN system will be unavailable from 10:00 pm to 11:00 pm to deploy these enhancements.

BACKGROUND: The Department is preparing our system for the implementation of policy and practice changes to support implementation of the Family First Prevention Services Act (FFPSA). As the policy and practice changes are defined, FSFN is being modified to align with the business processes. The FSFN team recently completed development on the next round of quarterly enhancements including FFPSA related changes and other child welfare priorities.

FSFN enhancements include:

- New data collection for pregnant and parenting youth,
- Provider Licensing Timeframe reports to manage the timeframe from orientation to licensure,
- Automated Title IV-E Redetermination based on Provider compliance with background screening safety requirements,
- Enhanced support for required processes for Child Protective Investigation notifications and notifications for upcoming Judicial Reviews,
- Case Management template corrections,
- Additional support for recommending placement in Group Home settings,
- Expanded Case Note functionality,
- Streamlined Unified Home Study completion, and
- Children's Legal Services enhancements.

For a more detailed overview of all enhancements in April's release, please see the attached "FSFN Enhancements-April" document.
